PRESIDENT'S MESSAGE

Clear as Mud!

In a valiant attempt to clarify the definition of club cars AND open the club to more people, I have succeeded in confusing virtually everyone ... including myself. So let me see if I can do a better job this time.

First, Club Cars are now defined as, "All models of 1964 through 1974 Pontiac GTO, LeMans and Tempest automobiles." That part was clear, but here comes the muddy part:

Do you have to own a Club Car to be a club member? NO.

The club is open to folks who are enthusiasts of these cars. Some members are looking to buy a Club Car, others have sold their Club Car but still want to remain members of the club, and still others have "gonna be" Club Cars (usually found under a big blue tarp surrounded by boxes of car parts and other stuff).

Do you have to have a Club Car to attend club events? NO!

Half the time they aren't working or are not all there. I'm talking Club Cars, not club officers. So we rarely require members to bring a Club Car to participate in our events. The rare exceptions have been parades and some car shows where the event management (not your club officers or other club members) have required only Club Cars be used.

Can other classic cars and new GTOs come to club events? YES.

Our club events are open to all club members, their family and friends. We don't care if you drive a '63 Corvette, an old Dodge without a Hemi, a new Dodge with a Hemi, a "KID" (2004/2005 GTO), a Volvo, a Datsun or even an Aztec. As long as what you drive manages to get you to the event on time, you will have fun!

Keep in mind, at ALL our events we do try to park

the Club Cars together – because they represent the club to the general public, *and because it looks cool*. When we cruise, we also try to keep the Club Cars together in a pack – *again, because it looks so cool!* ALL non-Club Cars, no matter how cool they are park nearby – typically only one row away. And, when we cruise, we ask all non-Club Cars to cruise right behind the Club Car pack (keeping a safe distance from any pieces or parts that may fly off the pack, of course).

Hopefully this better describes the intent of your club. After our club meeting on March 1st, if this information meets with your approval (yes, you the reader), I will send it along to our new Webmaster, Jimmy Sanderson, for him to post on our website in the form of frequently asked questions. If you have additional questions or comments get them to me via email now, (old.goat@att.net) and I will include them as well. So get your family and friends together, fire-up whatever you have in your garage that will get you there on time, and come join us for our next meeting and/or event!

I'll see you at the on ramp!

Russ

Golden Gate Goats Casino Cruise!

Hosted by Julie Blake

Saturday, March 12th – Meet us at the old Montgomery Wards Parking lot in Pleasant hill at 9:15 a.m. (take Monument off Interstate 680 and it's on the East side). Or join us at our coffee/potty stop at the McDonalds in Cordelia junction just off Interstate 80 in Vallejo no later than 10:15 a.m. We will leave at 10:30 sharp on our cruise to Cache Creek.

Join in the fun as the Golden Gate Goats herd up and head out on a cruise to the Cache Creek Casino Resort (<http://www.cachecreek.com>). We start with an easy going cruise from the Bay Area out along Interstate 80 East toward Sacramento, then we take Interstate 505 North to Highway 16 and turn left going through the picturesque towns of Esparto and Capay and on to Cache Creek. This is a rain or shine event, so bring your club car or your daily driver, and be sure to invite family and friends along for the ride.

Play – When we arrive at the casino, join the Cache Club just by visiting the service desk in the casino and presenting a valid photo I.D. at the Cache Club counter. Once you've become a new member, you will receive a token for a Million Dollar Free Slot Pull and a chance to be an instant millionaire! Hey, it's a chance – and it's FREE! Then, at 2:00 p.m. Bill Harland will be showing our group how to play CRAPS. Keep in mind, you do have to be of legal age to enjoy playing the slot machines and table games in the 66,000 square feet of new casino floor space.

Eat – Club members should not have a problem finding enough food and drinks to fit their taste, because Cache Creek restaurants serve cuisines from around the world ranging from Kung Fu Fat's China Camp selections; to Loco Caliente Mexican dishes; to the Blue Point Oyster Bar; to steaks and seafood at the posh C². There is also casual dining at The Deli and Sweets and the Creekside Café. Or, you can take advantage of the huge Harvest Buffet open 24-hours a day.

Stay – Once we are at the Casino, except for our 2 p.m. tutorial on the fine art of playing CRAPS, you are on your own. Stay as long as you wish and head back home when you want. If you decide to stay overnight, you'll find luxurious accommodations at the Cache Creek Resort. However, if Lady Luck didn't join you on this trip and you still would like to stay overnight, we suggest you Make Reservations for more moderately priced accommodations at:

Benicia Car Show – Sunday April 24, 2005

Hi folks, its time for the Benicia car show again! As the largest car club in attendance we have the honor of showing that the Golden Gate Goats are more than just a gathering of individuals but a large slightly dysfunctional family with a common Pontiac bond. Come and celebrate that bond with your brothers and sisters at the 2005 Benicia car show April 24th. Its a low key event that involves a breakfast cooked by high school students and a hamburger and hotdog lunch cooked by club members for your enjoyment. Hopefully you can find the time in your busy lives to come out and support the Benicia High School Panther band and revel in the comradery of our club. Weather is usually sunny but can be windy in the afternoon so please dress in layers just in case. We will be meeting at the Starbucks coffee shop at the Raley's shopping center at 7:30 am and traveling together to the show. Please rsvp so we know how much food to bring for lunch, we wouldn't want anyone to go hungry. RSVP to call Stuart Cole or to ask questions at (707)745-2918 or the day of the show at (707)486-3660. Hope to see you there!

Stuart Cole s2cole@hotmail.com

Directions to Starbucks meeting point.

Take 80 or 680 to 780 and then take the Southampton exit. Head north on Southampton Rd. to the intersection of Southampton Rd. and Chelsea Hills. Turn left at the light into the shopping center and look for a place to park. Starbucks is on the left side of the shopping center. Starbucks does have restroom facilitie

Show application included in this newsletter and available on the gggoats.org website.

CarFacts

By Mike LaCombe

I'm still a car guy! Still like cars. Still enjoy working on cars. I still like the classic cars of the '50s and '60s. Since the last time I wrote, in November 2002, the '65 Corvette 396 roadster and '65 Ford Mustang GT 350/LA (Look-Alike) are gone. I still have (my favorite) the '65 GTO (CarFacts #17) and, I have a new project. A 1955 Pontiac Chieftain sedan. I call it the "Little Chief" It has a similar body style as a '55 Chevy, but there are not as many around. It should be a nice "Street Rod" after the Pontiac 455 and other goodies are installed. I hope to have it running by this summer.

But, I am not writing this article to tout my latest project. I am however, writing to bring your attention to my other pet project-- **CarFacts**.

Being a "car guy", I like to know what the other folks are doing or have done with there cars. That is one reason I joined the Golden Gate Goats car club. After being a member for about a year, I noticed there was a "hole" in the club web-site. There was no information on the member's cars. The only thing we had was the member's name and what year there car was. I have an obsessive need to fill that hole. So, I started the **CarFacts** page.

There are now almost 100 listings on the site. Along with several photos, pertinent information can be found, such as the owner's name, how long they have owned it, what engine, transmission, tires and wheels it might have, plus any modifications. It is all listed in ascending order by year, and owner's name. From 1964-74, A to Z. This information could be useful for the curious or the folks out there working on a project, i.e. "What tire size should I use?" or "What wheel will look best?" A lot of answers are on the **CarFacts** page.

If your car is not listed, this is your opportunity for you and your favorite GTO to have more than just 15 minuets of fame. It's like being in a perpetual GTO parade!

I can be reached at (925) 939-8087 or my cell, (925) 876-MIKE (6453) or email me at mike.lacombe@comcast.net

This is of course, a voluntary program and I learned in the military not to volunteer for anything! But I need your help to satisfy my obsession disorder. 200 listings is my goal. So please, give me a call!

My fingers are getting tired here at the keyboard so, now I will go play with my other obsession-- The "Little Chief".

Editor's Note: Check out the home page at www.gggoats.org It now features a slide show of cars from the Car Facts Page.
