PRESIDENT'S MESSAGE

Greetings GGG,

2021 is just rolling along; as we move into May the year is already one third in our rear view mirror. Just flying by at warp speed it seems to me.

Was reviewing my President's message from last month asking myself what has changed since then with the pandemic and current modifications for any group events. An old Three Stooges saying popped into my head which is.... Step by step, inch by inch. That pretty much describes things as would the saying Rinse and Repeat. When things will begin to return to

normalcy here is still somewhat of a mystery as all things Covid remain in flux and uncertain. Even when we enter the least restrictive Yellow Tier many restrictions remain, thinking Mr. Newsom will come up with an even less restrictive Green Tier soon assuming things keep getting better. Hopefully we will continue on our current improving path here and can put together a Back Forty catered in person 25th Anniversary event when restrictions loosen; still thinking Tilden in September if the planets align. At the current vaccination rate that date seems feasible fingers crossed as the race now just like last month becomes vaccines against variants. Unfortunately Oregon and Washington suddenly are going back into more restrictive tiers; Step by step, inch by inch in reverse, let's hope that is short lived for their sake.

For now Zoom meetings are still the only game in town to get our group together so let us meet again on Thursday May 13th at 7pm and discuss the state of things at that point in time. The good news just like last month is there is definitely a slightly brighter light at the end of the tunnel in managing Covid which will allow a return to a new normal and that is certainly a positive thing.

Hope to see you at our 5/13 Zoom meeting....

Those of you that follow Bring A Trailer online auctions there is a 66 GTO convertible listed that has our GGG club logo license plate frames and decals along with The Godfather's signature from 2004 to then owner Ken. Do any of you recognize it?

Happy Mother's Day to all of our mom's.....;

See ya in the fast lane.

PREZ JOHN

GOLDEN GATE GOATS CAR OF THE MONTH

TED GIGLER'S 1966 GTO

I've always had a love for Old Classic cars, and especially owning an AUTO BODY SHOP for 25 years, and restoring so many old cars, only enhances my interest. I've never owned a real muscle car, so I decided a couple of years ago I needed a GTO. At a local car show I saw this GTO convertible. It looked great at a distance, but upon close inspection I couldn't believe it! The previous owner had removed the original motor and transmission and very neatly installed a '86 chevy running gear, with all the smog and fuel injection and A/C. The paint was cracked and faded, the interior was worn.

Otherwise the car seemed solid, I checked the documents and the seller assured me the original engine and transmission was stored in a warehouse. We made the deal and brought the car to my shop. Then we proceeded to strip the old paint to metal. I was amazed to find absolutely no rust anywhere. I then restored the car to original color and replaced the upholstery.

Then came the interesting and expensive part, rebuilding the original 389 motor and 2-speed transmission. It took months to locate and rebuilt all necessary accessories,

pumps, carburetor, brackets, lines as well as reworking the suspension and brake system.

After a year and half and a lot of frustration with rebuilds it is finally looking and running like a new 66 GTO.

Every time I drive the car it gets overwhelming praise especially at the gas pump, which is a frequent stop. Fortunately I live near a friendly Flying A station, where gas is still 29 cents a gallon, dream on.

People frequently ask if it has tri-power and a 4-speed? No, I missed those. The original 389, 2-speed, original paint color and interior, with a few upgrades like A/C, electronic ignition oversize exhaust and upgraded cam.

I have to thank Jim Lent for his help locating parts and providing me with his original intake manifold from his 1966 GTO.

Richard Gigler
Livermore, Calif.
